Subject: Santa Monica correspondance ready for signature

Hi Jane:

We have three letters for you to sign. Molly is preparing them. ORC and Ms Woo have concurred on the John Davis letter. The other two are less complex and are based on the Davis proposed response. We have also gotten feedback from HQ and the Santa Monica NEP. I think these are good to go. I had to leave early because of a family emergency (my Dad) so Molly will be following through to get your signature. Thanks for your support on this issue. Sam Sam Ziegler U.S. EPA Region 9
